

Quality Variable Compensation 4.0 Guidebook

For Philippines Based Employees

Last Updated: June 11, 2026

Quality Variable Compensation (QVC)* is a pay-for-performance incentive program for eligible OGA team members in Salary Grades 22-25.

This employee guidebook illustrates how OGA's QVC 4.0 program rewards you for your great work.

**Previously titled "Quarterly Variable Compensation"*

Our Philosophy

We believe in incentive-based compensation.

Every one of us is a consumer. We know quality when we see it. And we know bad service when we get it. As consumers, we expect and deserve flawless service. The people we serve expect and deserve the same.

Let's make sure we deliver it.

QVC 4.0 comes with a set of clearly defined performance expectations, so you'll know exactly what you need to do to reach your goals. And it ensures that you'll be rewarded with monthly incentive payouts when you meet or exceed your efficiency, quality and customer satisfaction expectations.

Efficiency

Quality

Customer Satisfaction

You want to deliver outstanding service to the people you serve. We want to reward you when you do.

Guiding Principles

Clear Measurement of Performance

- Objective and measurable metrics
- Simplify the way employees are measured on what they need to deliver
- Goals defined for each metric and at different levels
- Enhanced transparency and standardization to improve employee experience

Pay for Performance

- Continued commitment to a pay-for-performance philosophy
- Incentive payout structure clearly defined
- Every individual's performance directly links to the QVC payout
- Higher payout differentiation between each tier of goals and achievement

Improving the Customer Experience

- Alignment of QVC goals with business goals
- Goals that are pivoted to the capability operating model and aligned to deliver our commitment to our customers
- Creates line of sight to how everyone contributes to improving customer experience and NPS growth

Eligible Roles & Metric Requirements

Available to employees in Operations and Enabling Functions from salary grade 22 – 25 provided the following criteria are met:

- The role must have metrics that meet the following criteria:
 - Measurable on a monthly basis
 - Goals established and communicated in advance to the start of each measurement month
 - Not self-reported nor subjective
 - Meaningful in that they align to business KPI's and drive strategic priorities
 - Differentiate performance (i.e., effort is proportional to award)
- Metrics must be aligned to at least one Efficiency measure, and either a Quality and/or a Customer Satisfaction measure
- QVC is intended for production role types whose work is highly standardized, structured, and repeatable. Role types with high degree of variation (e.g., Project Management, consultative/advisory, etc. are not fit for QVC)

Note: Roles that cannot be aligned to/meet the above criteria will be moved to the NIP Compensation Code. Employees will be notified of the transition plan by their Manager and Leader.

QVC score card: Metrics and Goals

Score card

- The QVC score card varies by Process and Business Title
- The QVC score card will be used to assess performance for QVC payout
- QVC is just one element of overall performance and while QVC awards are determined by employee performance on their respective scorecards, additional business goals, value-based competencies and success factors are considered toward monthly or year-end performance rating assessments
- Your leader will share your QVC scorecard and metric/goal performance expectations in advance to the start of the measurement period

Metrics

- QVC Plans may have a maximum of 4 payable metrics and no fewer than 2 payable metrics; metric counts vary by business and plan
- Metrics are weighted equally
- Retroactive metric changes are not permitted, and all metric and goal threshold changes must be communicated in advance to the start of each measurement month. Stack ranking is not permitted.

Goals

- Goals are set for each metric
- Goals are set in the form of range in Tiers.
- Goals are split in maximum of 3 payable Tiers (e.g., Tier 1, Tier 2, Tier 3)

Assessment for QVC Payout

QVC Metric Assessment

- Actual score (achievement) on each metric will be collected for calculation each month
- Metric performance results will be associated to a Metric Tier Result depending on their assessment against goals for each tier
- All metric baselines (i.e., the “lowest tier”) for the defined QVC scorecard must be met in order to earn an award for the respective measurement month. Failing to meet minimum metric requirements in any one metric will result in no payment on any of the metrics

Rules of Engagement

- Employees must meet all eligibility rules and requirements as defined in the QVC Terms and Conditions in order to receive an award. This includes but is not limited to employment status, leaves of absence, deployment status, salary grades, performance standing, etc.

Measurement & Payment Schedule

- Performance is measured and reported on a monthly basis
- Payouts are issued on a monthly basis and are contingent upon the timely and accurate submission of performance data from business leaders, Plan Champions, and Data Owners
- Results are calculated and award results made available via the Varicent Incentive Compensation Management Tool following the submission of each month’s performance data / metric results
- 2026 Optum QVC pay dates for Philippines based employees as follows:

Measurement Month	Pay Date
April	June 30 th , 2026
May	July 30 th , 2026
June	August 28 th , 2026
July	September 30 th , 2026
August	October 30 th , 2026
September	November 27 th , 2026
October	December 29 th , 2026
November	January 29 th , 2027
December	February 26 th , 2027

Base Amount for Payout

Summary

- Each Salary Grade is paid at a specific QVC base rate depending on an employees Salary Grade, Location, and employment status (full-time vs part-time)
- The awards for part-time employees are prorated at 50%
- Employment information is sourced from MyHR and applied to the QVC calculation based on the employee’s status (whether full-time or part-time) Salary Grade, and Location for the respective measurement month. For example, an employee who promotes from a Salary Grade 22 role into a Salary Grade 23 role on April 6th (as memorialized in MyHR) would be paid per the Salary Grade 23 base amount for April’s performance given that their Salary Grade as of the last day of the month (April 30th) would have been a 23.
- Changes to Salary Grade, Location, and/or status (whether full time or part time) should be made effective on the 1st of the month. Pro-ration for mid-month changes will not be considered.
- Retroactive changes are not permitted

Refer to Table 1 for base payout opportunities for each grade, location, and employment classification

Table 1 Base Amount by Salary Grade [PHP]			
Location	Salary Grade	Full Time Employee(s)	Part Time Employee(s)
Manila and Cebu	22	2,000	1,000
	23	2,500	1,250
	24	3,500	1,750
	25	4,500	2,250
Davao	22	1,700	850
	23	2,000	1,000
	24	3,000	1,500
	25	4,000	2,000

Base Amount for Payout Continued

Base Amount Distribution by Metric

- The base amount is distributed equally across all metrics in a score card
- A score card may have 2, 3, or 4 payable metrics
- Refer to Table 2 for base amounts by metric count
- Base amount per metric is determined by the number of metrics in the score card
- The awards for part-time employees are prorated at 50%

Table 2

Manila and Cebu Base Amount per Metric [PHP]								
Salary Grade	Base Amount for Full-Time Employment	4 Metric (FT)	3 Metric (FT)	2 Metric (FT)	Base Amount for Part-Time Employment	4 Metric (PT)	3 Metric (PT)	2 Metric (PT)
22	2,000	500	667	1,000	1,000	250	333	500
23	2,500	625	833	1,250	1,250	313	417	625
24	3,500	875	1,167	1,750	1,750	438	583	875
25	4,500	1,125	1,500	2,250	2,250	563	750	1,125

Davao Base Amount per Metric [PHP]								
Salary Grade	Base Amount for Full-Time Employment	4 Metric (FT)	3 Metric (FT)	2 Metric (FT)	Base Amount for Part-Time Employment	4 Metric (PT)	3 Metric (PT)	2 Metric (PT)
22	1,700	425	567	850	850	213	283	425
23	2,000	500	667	1,000	1,000	250	333	500
24	3,000	750	1,000	1,500	1,500	375	500	750
25	4,000	1,000	1,333	2,000	2,000	500	667	1,000

*Amounts represented are in Philippine Pesos

Payout Calculation

Payout Distribution % by Tier

- Every metric has goals set at different Tiers
- A fixed payout % is linked to each tier of actual achievement (refer to Table 3)
- Payout will be based on the Tier achieved in the metric
- Achieving the goal at lowest Tier / Minimum Threshold (as may be applicable in the QVC plan) on all metrics is necessary to qualify for the payout for the month

Table 3

Illustration		
Payout Tier	Performance range <i>(illustrative)</i>	Payout % of Base Amount per Metric
Tier 1	> = 105%	189%
Tier 2	> = 90% and < 105%	125%
Tier 3	> = 80% and < 90%	80%

Overall QVC Payout Calculation Examples

Manilla and Cebu | Full-Time Employee

4 Metric Scorecard for SG22 Example 1	
Detail	Amount (PHP)
Base Amount for SG22	2,000
No. of Metrics in Score Card	4
Base Amount by Metric	500
Payout On Achievement	% of Base Amount
Tier 1 Payout @ 189% of 500	945
Tier 2 Payout @ 125% of 500	625
Tier 3 Payout @ 80% of 500	400

3 Metric Scorecard for SG22 Example 2	
Detail	Amount (PHP)
Base Amount for SG22	2,000
No. of Metrics in Score Card	3
Base Amount by Metric	667
Payout On Achievement	% of Base Amount
Tier 1 Payout @ 189% of 667	1,261
Tier 2 Payout @ 125% of 667	834
Tier 3 Payout @ 80% of 667	534

Davao | Full-Time Employee

4 Metric Scorecard for SG22 Example 1	
Detail	Amount (PHP)
Base Amount for SG22	1,700
No. of Metrics in Score Card	4
Base Amount by Metric	425
Payout On Achievement	% of Base Amount
Tier 1 Payout @ 189% of 425	803
Tier 2 Payout @ 125% of 425	531
Tier 3 Payout @ 80% of 425	340

4 Metric Scorecard for SG22 Example 2	
Detail	Amount (PHP)
Base Amount for SG22	1,700
No. of Metrics in Score Card	3
Base Amount by Metric	567
Payout On Achievement	% of Base Amount
Tier 1 Payout @ 189% of 567	1,072
Tier 2 Payout @ 125% of 567	709
Tier 3 Payout @ 80% of 567	454

Eligibility Criteria

Eligibility Rules

The following describes the eligibility requirements to be a participant in QVC.

- One or more of these eligibility requirements may be applicable to employees depending on their employment and performance standing.

- Attendance & Leave of Absences
- Performance
- Disciplinary Situation
- Process and Functional Training
- Special Projects and On the Job Training
- New Hires and Rehires
- Termination
- Movements
- Employee not deployed in production
- Overpayment

- Employees must meet the applicable eligibility criteria and all requirements of performance on metrics to earn a QVC award in a given measurement period.

Refer to the QVC Terms and Conditions Document for information regarding policy and eligibility requirements. Questions regarding QVC policy and procedure may be directed to your manager or directly to the Optum QVC team via inquiry submission through the Varicent portal.

Attendance and Leave of Absence

Payout Eligibility

Based on the number of Period Productive Days in EACH MONTH, employee payouts may be in full, pro-rated or nil.

Number of Period Productive Days / Month	Payout for the Month
< 8 Days	No Payment
8 to 15 Days	Prorated Payment
16 Days and Above	Full Payment

Payout Eligibility Determination for Nonstandard Shift Models

The total Period Productive Days in the month for employees who work a non-standard schedule of 4 Days/Week will be weighted to ensure no adverse impact when determining proration and calculating payout per the following table:

Shift Model	Weight [Full Day]	Weight [Half Day]
9hrs x 5 Days / Week	1	.5
11hrs x 4 Days / Week	1.25	.625
4hrs x 5 Days / Week	1	n/a
5hrs x 4 Days / Week	1.25	n/a

For example, an employee who works an 11x4 schedule and has a total of 14 PPD in the month would see their PPD total adjusted to 17.5 and would thus be eligible for Full Payment (14 PPD x 1.25 = 17.5 PPD)

- Employee Shift Models are sourced from MyHR/LightHouse and applied to the QVC calculation based on the employee's schedule as of the last day of the month
- Employees and people leaders alike must follow all applicable Optum policies when requesting a shift model change
- Shift model changes can only occur prospectively, and the associated effective date should be the 1st of the month. Mid-month changes are not considered for proration based on the number of days spent in each shift model
- Retroactive changes are not permitted

Attendance and Leave of Absence Continued

Key points to remember

- Period Productive Days are the number of days an employee is performing their assigned job.
- Regular overtime during your working day does not count towards eligibility. However, extra-day overtime (6th day) can be considered an additional day if mapped in T&A tool.
- Period Productive Days, including extra-day overtime, should at least be in half-day (0.5) increments to qualify, but will be rounded down to the nearest whole number to determine payout. Example: employees with 7.5 worked days in the month will not qualify for any payout for said month, while employees with 15.5 days will only qualify for pro-rated payout.
- An employee may take all other forms of leaves; whether planned or unplanned, paid or unpaid; provided they are able to meet the required number of Period Productive Days in each measurement month.
- The shift model that is memorialized in MyHR/LightHouse as of the last day of the month will be used toward determining PPD weights and subsequent payout.
- This eligibility policy should be read in conjunction with all other applicable policies such as the Disciplinary Action Policy, Corrective Action Plan Policy, and so on.

Performance Standing

Corrective Action Plans

- Any employee on a formal Corrective Action Plan (CAP) is ineligible to receive a payout for that month (month in which the CAP was initiated)
- Employees will not be considered for any payout during this period regardless of performance on metrics
- CAP data for purposes of determining QVC eligibility is sourced from Global Self Service (GSS)

Disciplinary Action

- An employee who has been issued a written sanction for a Disciplinary Situation is ineligible to receive a payout for that particular month in which that sanction was issued
- Employees will not be eligible for payout for the month regardless of the nature of the written sanction
- People leaders are required to submit sanction documentation to the Employee Center (using the Employee Record Management catalog) for purposes of recording.
- Employee disciplinary action records are sourced from the Employee Center (ServiceNowUHG) for purposes of determining QVC eligibility.

[Sparq Disciplinary Process Guide for Managers](#)

[Sparq Disciplinary Process Guide for Employees](#)

Employment Standing

Functional Training	▪ For each month in training (including while in academy), employees will be paid 70% of the base amount applicable for their salary grade, location, and employment status (whether full or part-time) ▪ Payout will be made upon the successful completion of training. Period Productive Days requirements must be satisfied per the Period Productive Days policy and all prorations will be applied accordingly. ▪ If an employee is on Functional Training ≥ 15 calendar days in the month per LightHouse, they will be eligible to receive training pay. If the number of training days are < 15 in the month, then award determination will be based on metric performance per the QVC scorecard. All other eligibility criteria must be satisfied in order to earn Functional Training pay (e.g., CAP, Disciplinary Action, etc.)
Special Project On the Job training	▪ For each month on Special Project(s)/OJT, employees will be paid the equivalent of a Tier 2 award applicable for their salary grade, location, and employment status (whether full or part-time) ▪ Payout will be made in accordance with standard monthly processing pay dates. Period Productive Days requirements must be satisfied per the Period Productive Days policy and all prorations will be applied accordingly. ▪ If an employee is on Special Project(s)/OJT ≥ 10 calendar days in the month per LightHouse, they will be eligible to receive special project/OJT pay. If the number of special project/OJT days are < 10 in the month, then award determination will be based on metric performance per the QVC scorecard. All other eligibility criteria must be satisfied in order to earn Functional Training pay (e.g., CAP, Disciplinary Action, etc.)
Employees Not Deployed on Production	▪ QVC is reserved only for employees who are assigned to productive LightHouse deployment statuses; employees should be aligned to the appropriate QVC metric scorecard and allocated work on all days for which they are present and performing assigned job duties ▪ If an employee is not productive for the full month, the employee does not get paid ▪ If the employee is productive only for a part of the month, the payout is prorated for those days

Inter-Plan Employee Movements

One QVC plan to another QVC plan

Employee performance will be evaluated per the QVC scorecard associated to the Process and Business Title/Designation that the employee spent the majority of calendar days in for the respective measurement month.

QVC to RRP

Before Oct. 1	After Oct. 1
QVC to be paid till the date employee is on QVC. Pro-rated RRP after the date of movement.	QVC Incentive Plan Code retained until Dec 31 st and any monthly earnings for Q4 performance will be paid out. RRP effective Jan 1 st

RRP to QVC

Before Oct. 1	After Oct. 1
Employee becomes QVC eligible upon designation to the QVC Incentive Plan Code as memorialized in MyHR.	RRP to be paid for the entire year. QVC Incentive Plan Code effective Jan 1 st

Employment Status

New Hires and Rehires	▪ Newly hired/rehired employees are eligible to participate in the program immediately upon entry provided that they are assigned to a QVC Incentive Plan Code and in an eligible Job Code, Business Title, Salary Grade, and LightHouse deployment status. Awards are prorated in accordance with the Period Productive Days policy noted in this document. All other eligibility requirements apply. All relevant performance goals must be met.
Employee Status Notice Period and Termination	▪ Employees are eligible to receive earned QVC awards provided they are an active employee on the date that the award is scheduled for payment for a given measurement period. For example, April 2026 results are paid on June 30th, 2026, thus in order to receive an award for April results, participants must be active employees of UHG as of June 30th in order to be paid QVC. See the QVC processing calendar in this document for reference to scheduled pay dates for each measurement month. ▪ Advanced payment of QVC awards is not permitted. ▪ Resignation Notice and satisfaction of Notice Period duration are not factored toward determining employee QVC eligibility. Employees who give Notice are eligible to receive QVC, regardless of Notice status, as long as they are Active at the time that the QVC award for the respective measurement month is paid. ▪ Employees and their Managers are responsible for reviewing the accuracy of employee metric results and eligibility factors each month in order to ensure timely payment of QVC awards. Retroactive payments for terminated employees are not permitted. ▪ All other performance and eligibility must be satisfied (e.g., CAP, DA, etc.)

Measuring Performance

	QVC Payout	Performance Rating
Quantifiable metrics Efficiency / Productivity Quality Customer Satisfaction		
Eligibility rules		
OGA Business goals Reflecting in your process team goals e.g., process related goals, people centric goals, Bright Ideas, etc.		
Value based behaviors Measured on an ongoing basis		

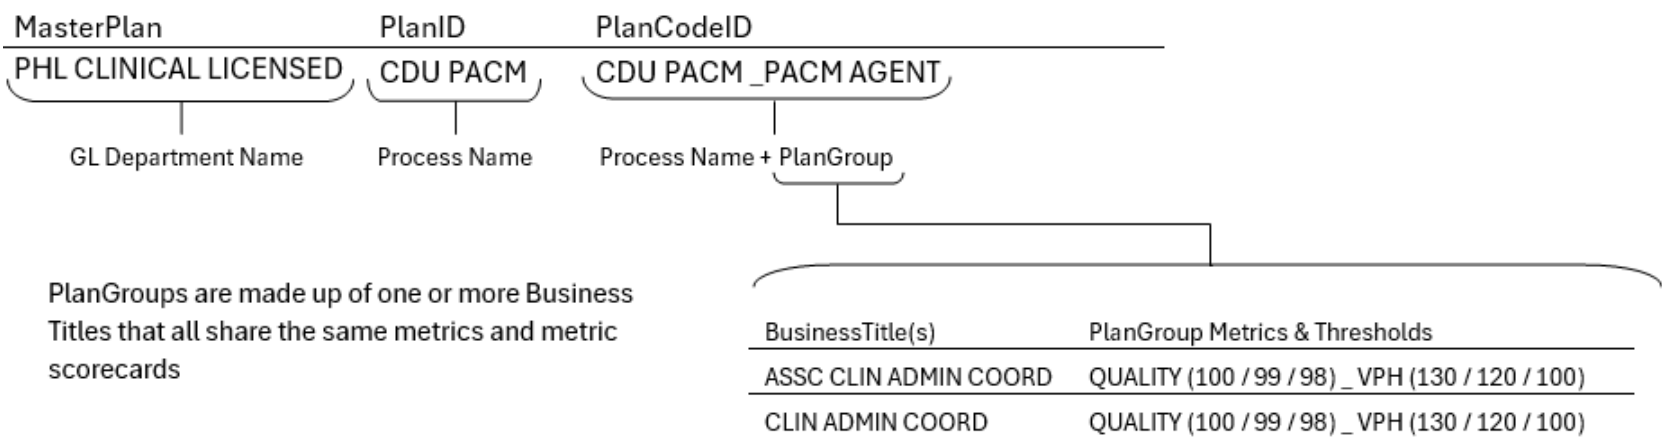

Employees will have an overall performance goal sheet for measuring Interim check-in's, Year-in-Review Rating Performance goal sheet = QVC metrics + any additional goals + Value based behaviors

Illustrations

QVC Plan Mapping and Scorecard Design

- Plan mapping refers to the process by which employees coded to QVC Incentive Plans (IP's) are identified and associated to their rightful QVC Plans. A “Plan” is defined by the unique combination of a LightHouse Process and Plan Group, wherein a Plan Group refers to the standardized naming convention for a collection of employee “designations” (otherwise known as Business Titles) which share the same metric scorecard (and thresholds).
- Employees must be differentiated by either their LH Process or Designation/Business Title if they are to be aligned to different metric scorecards (i.e., employees aligned to a Process and that share the same designations/business titles, must always be evaluated by the same metric scorecard).
- Example:

In this example, multiple Business Titles are associated to the same Plan Group because they share a common metric and goal set.

If, however, employees with the Business Title of “Clin Admin Coord” were measured on a different metric and goal set, they would be set up under a different/new Plan Group to enable differentiation.

Business leaders are responsible for proactively communicating metric and goal changes to the QVC team. Retroactive metric and goal changes (i.e., after the start of a measurement month) are not allowed. Likewise, business leaders are responsible for the proactive communication of Process and/or Business Title changes that would necessitate the set up of a new PlanCodeID. Failure to communicate changes to the QVC team will result in employees not being mapped to their rightful metric sets (the consequence of which is incorrect and/or delayed payment)

QVC Plan Mapping and Scorecard Design Continued

Example (for illustrative purposes only):

NC	NC is performance below the ‘Lowest Tier’ in any metric
Eligibility Rules	Describes various eligibility requirements for an employee to qualify for payout based on adherence to policies, performance & employment standing

A few examples of Metrics

- Overall Accuracy Rate
- Claim Payment Accuracy
- Onshore Quality
- Claims / Volume per hour
- Claims /Volume per month
- Audits per month
- Internal Audit Capture
- United Experience Survey (UES)

An example of Goal and Tier Range

Metric: Claims per Month

Tier 1: = > 110%

Tier 2: = > 100% and < 110%

Tier 3: = > 80% and < 100%

NC: < 80%

Goal is spread across 3 tiers

Frequently Asked Questions

Who is eligible for QVC?

QVC is a pay for performance incentive program that rewards employees who have a direct, positive impact on customer experience. QVC comes with set of clearly defined performance expectations so that employees can see how they contribute to driving the quality of the customer experience. QVC is reserved for employees in production roles whose job duties have little variation from day to day and are highly structured and process driven. Examples include Customer Service (Voice), Claims, Enrollment. Non-production roles such as Consultants, Trainers, Project Managers, etc. are not eligible for QVC.

When will my QVC Award be paid?

Philippines QVC Plans are measured and paid on a monthly basis. Refer to the processing calendar in this document for reference to pay dates for each performance month.

Will I receive incentives while I am in training?

Employees are eligible for partial payment of QVC upon completion of Functional Training provided that they meet all eligibility criteria

If I get promoted, what will be my effective date of change in QVC?

QVC base rates will be updated to reflect new rate in the month in which the promotion occurred

If I am on process upskill training, how will my performance be gaged?

Employees participating in temporary special assignments/projects are eligible to earn a payout provided that have worked for ≥ 10 calendar days in the month. Employees will be paid a standard payout equivalent to Tier 2 for their Salary Grade, Location, and employment status provided they meet all relevant eligibility criteria. Employees on special assignments/projects < 10 calendar days in the month will be evaluated based on their metric results.

Frequently Asked Questions Continued

If I am put on CAP, will I be eligible for a QVC payout?

QVC is a pay for performance plan. As such, if an employee is on a formal CAP, he/she is ineligible to receive a payout for that particular month (month in which CAP was initiated)

If I leave the organization before receiving the monthly payout, will I still be eligible to receive it?

Employees must be active participants of the QVC program as of the last day of the month in order to be eligible to earn QVC awards for that month. Additionally, participants must be active employees of Optum/UHG at the time of payment in order to receive QVC. Employees who terminate prior to the scheduled QVC pay date will not receive QVC.

How does under time and half-day impact my eligibility?

It is important that an employees come to work as scheduled. Reduced hours (provided the employee works at least half of their shift) and half-days will be counted as 0.5 day.

How do extra hours and 6th day overtime impact my eligibility?

Overtime rendered after your shift will not impact your eligibility (that is, it does not add up to an additional day), however your performance while on overtime may help towards your metric targets. Meanwhile, if you work an extra day it can count towards your eligibility as long as it is mapped in the T&A tool. A full 6th- day will count as 1 day, while half-day will count as 0.5 day.

If I worked 7.5 days during the month, will it get rounded-off as 8 days? If I worked 15.5 days during the month, will it get rounded-off as 16 days?

No, it will not. An employee needs to meet the minimum number of PPD in the month in order to qualify. In the scenario above, this means you need to work at least 8 days to qualify for a pro-rated payout or work at least 16 days to qualify for a full payout.

General Inquiry & Administration

What are the performance measures/metrics?

Metrics are determined and set by the business based on the performance measures aligned to a particular business area or segment. Metrics must be measurable to be part of the QVC and should align under the areas of Efficiency, Quality and Customer Satisfaction.

Are there provisions for employees who work on special projects to earn QVC?

Yes, see the Special Projects eligibility section for information regarding Special Projects.

Where can leaders get more information about QVC plan details?

People leaders may reach out to their managers, People Business Partner(s), and/or the QVC Administration team via QVCCompensation@Optum.com with questions and / or comments.

How will my performance measurement/expectations change?

QVC plan design allows flexibility for each business to set performance metrics based on business needs. Your leader will keep you informed of performance expectations and the associated measures on which your variable compensation will be based.
